

High Cross Field Archers - Friendly shoot 10th March 2019

We had planned a double round of 16 targets in our small wood; by using almost the same shot window we could manage to put 32 targets out - all different shots. One target was a fan shot. First time round, archers generally shot faces from the normal red, white & blue pegs; second time, 3Ds from pink, white and green pegs. This system works quite well once you get the hang of it. We decided to limit it to 64 archers in groups of no more than 4. This was our first shoot since May 2017 as the club could not manage one in 2018. Next year we hope to put on one in May or June; dates are quite restrictive due to the workings of the estate. We intend building a 2x 20 for this using another section of the woods some previous guests will have seen.

Catering was provided by three of our lady members and they had sourced some quality bacon and provided archer sized lumps of homemade cake, big enough to get you round the course until your next pass.

Here are the scores to give an idea of how it all went.
